## **THE 3RD BODYMINDSOUL CARNIVAL OF 2018** *“Attracting Abundance”*

PETALING JAYA, SELANGOR, 10 July 2018 – Continuing with the overwhelming success of the first two instalments of the bodymindsoul Carnival, the bodymindsoul team launches the third instalment of their 2018 Carnival series. To be held on 25 & 26 August 2018, at Summit USJ, Subang Jaya, Petaling Jaya, from 10am – 10pm, the theme of the 3<sup>rd</sup> bodymindsoul Carnival, is “Attracting Abundance”. Admission is free.

The upcoming event will inspire visitors to recognize and appreciate the abundance they already possess, whether in health, wealth, happiness, relationships or other blessings in life. Activities will center on attracting more bountiful abundance into visitors’ lives, to share that abundance through free experiential workshops, meditation classes and wellness workshops.

The free activities are also designed to create a flow of abundance into their lives. To this end, the Carnival will involve community stakeholders by collaborating with companies and individuals who are passionate about supporting and growing all aspects of communal abundance.

The bodymindsoul Carnival continues to set aside a sponsored corner for NGOs and/or single mothers, as a platform to promote self-sustainability in these marginalized communities. The attention given to the marginalized sections increases the abundance capacity of a society.

Nurturing the spirit of abundance in children is the first and most important step in creating abundance for individuals, family and the larger community. The bodymindsoul Carnival has lined up children enrichment programs and activities such as Pre-loved Toys and Books Exchange, educational hands-on workshops and many more fun activities.

Among the variety of participating booths, are like-minded vendors promoting natural skincare products, organic foods and beverages, stress-free solutions and holistic wellness healing and services e.g. Oracle / Tarot Card Readings and Stress Level Scanning.

With all the activities and programs designed towards “Attracting Abundance”, visitors will go home, transformed and more abundant in a most wholesome way. They will receive an abundance of tools, knowledge and new awareness thereby creating a more enriched community filled with love, joy, peace, and harmony. A community without want for anything because it is continually “Attracting Abundance” and living abundance on a daily basis.
